

Rejeitamos  $H_0: \mu = \mu_0$  se  $t_0 < t_{\frac{\alpha}{2}, n-1}$  ou  $t_0 > t_{1-\frac{\alpha}{2}, n-1}$ .

$$RC = \{ z_0 \mid t_0 < t_{\frac{\alpha}{2}, n-1} \text{ ou } z_0 > t_{1-\frac{\alpha}{2}, n-1} \}$$

Função densidade
